<u>Sunday</u>	10/23	

NOTES: There will be a parade before the Homecoming Game this Saturday.

Musicians – Be prepared to go outside during class every day this week. It's time to add-add-add! Now that we have a good understanding of drill and music we need to make this presentation exciting. It starts with YOU. You need to practice with the music so you have dynamic changes prepared. Remember – the visual program needs to match the music. You showed us – in the 2nd half of your performance this past Saturday – that you can perform this show; now let's take that next step!

FYI – Senior Night will be next Friday (10/28). Next week, I will be asking Seniors for the names of their escorts for the beginning of the game.
